

CLASSIC

Quality Made in Germany

CLASSIC IS COMPACT AND EXTREMELY VERSATILE – ONE DEVICE, WITH MANY OPTIONS

- Microscope usage with a selection of probes from 19 to 25 G
- A large variety of adapters for slit lamps
- Laser Indirect Ophthalmoscope (LIO)
- A.R.C. Laser Connector
- And more ...

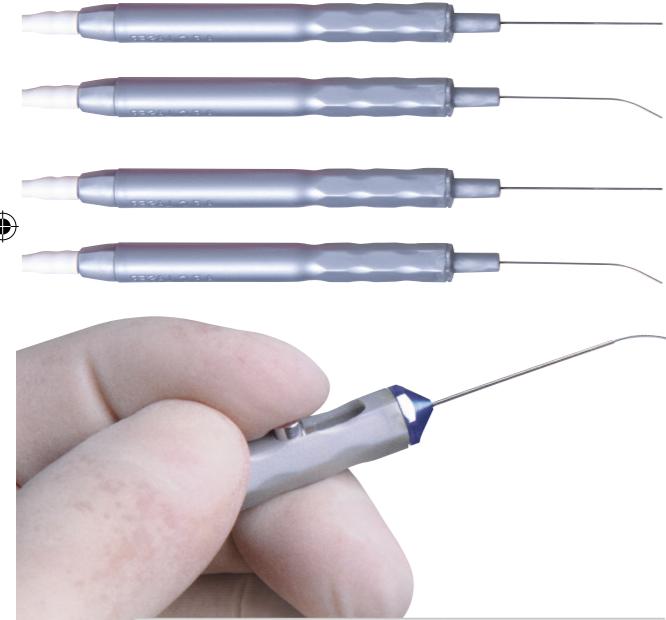

Our commitment is to supply our customers with the best quality products with the latest innovations and broadest range of accessories – available from a single source.

A.R.C. Laser in Germany is a privately held company to better serve you.

ENDO-PROBES

A.R.C. Laser offers a selection of single use probes at an affordable price. Sterile packaged and intended for single use.

ENDO-Probes		
single use		
20 G	straight	LL13009s
21 G	straight	LL13011s
	curved 30°	LL13014s
23 G	straight	LL13006s
	curved 30°	LL13025s
	FLEX-Endo	LL11057s
25 G	straight	LL13010s
	curved 30°	LL13015s
Diopexy-Probe straight		LL13012s

A.R.C. Laser Connector

LIO

In combination with our CLASSIC with eye protection filter and coaxial coupling.

SPECIFICATIONS CLASSIC GREEN LASER

Laser	KTP - 532 nm
Output power	> 1,5 Watts*
Pulse length	10 ms to cw
Pulse interval	100 ms to 1,000 ms
Frequency	1 to 9 Hz
Aiming beam	635 nm, 1 mW max.
Adapters	Different slit lamps
Foot print	250 x 190 x 52 mm
Weight	3.3 kg - Complete
Power supply	Rechargeable Batteries or 90 to 230 VAC
Fiber Attachments	2 Fiber ports
Accessories	Indirect Ophthalmoscope / Endo probes

* at fiber end
The device and the delivery system is protected by one or more patents.

LASER

CLASSIC GREEN LASER

KTP LASER 532 nm

- A.R.C Laser Endo Probes:**
- Reliable Power Transmission
 - Homogenous Power Distribution

Homogeneous Power Distribution

Advanced technology provide homogeneous laser delivery. A uniform energy distribution across the entire laser spot area ensures precise and safe treatments.

Dual Fiber Port

Changing delivery devices is easy. The CLASSIC can be used with a slit lamp / a LIO or an Endo Probe as well.

Efficient Portability

Weighing only 3.3 Kg, the CLASSIC can be easily transported from the office to the OR, maximizing your investment.

The laser optic is integrated into the slit illumination to assure coaxial viewing with laser delivery.

LEICA
■ BG04018 ■ BG06063

ZEISS
■ BG04017 ■ BG06064

Automatic or permanent "Neutral Color" filter design. A proprietary coating protects the filter from environmental changes and scratches.

An optional battery pack allows "cable free" use inside the OR – maximizing convenience.
